### *What does it mean to be part of a CSA?*

Community Supported Agriculture (CSA) is a partnership of mutual commitment between a farm and a community of farm members. By participating in a CSA, please understand that, although the farmers are committed to the best of their ability to provide high quality produce, there are risks in agriculture. You should be prepared to share in the risks of the farm as well as the bounty.

Cobblestone Creek Farm's shares will be distributed market style. You will be given choices of the products available and be able to customize your weekly share to suit your needs and tastes. Extras beyond your share can also be purchased.

Shares start Tuesday, June 12 and run through November 6.
